- | | |
|-------------------------------------|---|
| Present
June 2020 | Web Developer & Junior Penetration Tester, SWISSDIGILAB, <ul style="list-style-type: none">> Conception and development of web applications.> Improvements and bug fixes.> Code auditing and web applications assessments (white-box testing). <div>Django Django Rest Framework React Next.js Postgres Laravel Angular</div> |
| June 2020
May 2019 | Web Developer, FREELANCE, <ul style="list-style-type: none">> Development of web applications. <div>Laravel PHP jQuery Mysql</div> |

PROJECTS

GUIDECH

Algeria tourists guide platform.

Laravel PHP

MADINATIC

A participative platform for reporting anomalies in the streets.

Django Django Rest Framework React Docker Git

EYEBOT

Web controlled moving car with vision.

Arduino Raspberry Pi FastAPI MQTT ZMQ YOLOv4

ESTORE DZ

E-commerce platform designed specifically for the Algerian market.

Django Django Rest Framework React Docker Git

AI-TRADING

The application of deep learning forecasting to algorithmic trading.

Django Django Rest Framework React Next.js FreqTrade Binance Tensorflow Docker Git

CERTIFICATIONS

2022 eLearnSecurity Certified Professional Penetration Tester (eCPPTv2).

2021 eLearnSecurity Junior Penetration Tester (eJPT).

SKILLS

Programming	Python, Javascript, PHP, Shell Scripting
Frameworks and Libraries	Django, Django Rest Framework, Flask, FastAPI, Laravel, Next.js, ReactJS
Databases	Mysql, PostgreSQL
DevOps	Docker, Git
Languages	Arabic, English, French

EXTRACURRICULAR ACTIVITY

CTF Player, **TEAM_7EVEN & CYBERERUDITES**,

- Participated on a lot of CTFs (Hacking Competitions).
- Gained knowledge about hacking and other security mechanisms.
- Developed skills in penetration testing and code auditing.
- Organizer & Challenges Writer in the national CTF **IngeHack** 2nd edition.
- Organizer & Challenges Writer in the national CTF **AlphaCTF** 1st edition.
